For example you get spins from the reward calendar, for adding friends to the game, using the gifts from within the game, using your duplicate cards in cards for chests and a lot of other ways. All methods to get more spins you find here. Other things you need to know about Free Spins What do the stars mean in Coin Master? The stars in Coin Master are not related to the free spins links. The stars in Coin Master give you a place on the leader board. The more stars you have, the higher you get on the Leader board. You earn stars by building village items or upgrading your pet. You can use the Free Spins Links in Coin Master also as promo codes. For Each Coin Master Promo code you can play on for a few spins or build a small part of your village. The reason Coin Master issues these Coin Master promo codes is simple. If you play on you like the game more and more. And it benefits you too, since you advance more quickly in the game. But be careful. There are other other people promising a lot of free spins and coins if you take certain steps. For example you have to complete forms or click on links. Use only the Coin Master Free Spins Promo Codes you find on this page. They are tested and valid. Neither can I. I am just a fan of Coin Master and collect official links. Sometimes people ask if I can create free spin links to give to friends. No, you and I cannot create our own Coin Master links. The only thing you can do is give your friends a daily spin. This is nice for friends who started playing a short time ago, but if you are playing for a while one spin won't help you. So be careful to add too many friends for free spins since they give you 1 spin a day, but can raid you for millions of coins.
